

Common/globals.h

```
graph TD; A[Common/globals.h] --> B[QString]; A --> C[QtGlobal];
```

The diagram illustrates a header file dependency. A central box labeled 'Common/globals.h' has two arrows pointing downwards to two separate boxes labeled 'QString' and 'QtGlobal'. This indicates that the 'Common/globals.h' header file includes or depends on both 'QString' and 'QtGlobal'.

QString

QtGlobal
